The Secretary shall coordinate, as appropriate, with foreign financial authorities and central banks to work toward the establishment of similar programs by such authorities and central banks. To the extent that such foreign financial authorities or banks hold troubled assets as a result of extending financing to financial institutions that have failed or defaulted on such financing, such troubled assets qualify for purchase under section 101.

SEC. 113. MINIMIZATION OF LONG-TERM COSTS AND MAXIMIZATION OF BENEFITS FOR TAXPAYERS.

(a) Long-Term Costs and Benefits.—

(1) Minimizing Negative Impact.—The Secretary shall use the authority under this Act in a
manner that will minimize any potential long-term negative impact on the taxpayer, taking into account the direct outlays, potential long-term returns on assets purchased, and the overall economic benefits of the program, including economic benefits due to improvements in economic activity and the availability of credit, the impact on the savings and pensions of individuals, and reductions in losses to the Federal Government.

(2) AUTHORITY.—In carrying out paragraph (1), the Secretary shall—

(A) hold the assets to maturity or for resale for and until such time as the Secretary determines that the market is optimal for selling such assets, in order to maximize the value for taxpayers; and

(B) sell such assets at a price that the Secretary determines, based on available financial analysis, will maximize return on investment for the Federal Government.

(3) PRIVATE SECTOR PARTICIPATION.—The Secretary shall encourage the private sector to participate in purchases of troubled assets, and to invest in financial institutions, consistent with the provisions of this section.
(b) Use of Market Mechanisms.—In making purchases under this Act, the Secretary shall—

(1) make such purchases at the lowest price that the Secretary determines to be consistent with the purposes of this Act; and

(2) maximize the efficiency of the use of taxpayer resources by using market mechanisms, including auctions or reverse auctions, where appropriate.

(c) Direct Purchases.—If the Secretary determines that use of a market mechanism under subsection (b) is not feasible or appropriate, and the purposes of the Act are best met through direct purchases from an individual financial institution, the Secretary shall pursue additional measures to ensure that prices paid for assets are reasonable and reflect the underlying value of the asset.

(d) Conditions on Purchase Authority for Warrants and Debt Instruments.—

(1) In General.—The Secretary may not purchase, or make any commitment to purchase, any troubled asset under the authority of this Act, unless the Secretary receives from the financial institution from which such assets are to be purchased—

(A) in the case of a financial institution, the securities of which are traded on a national
securities exchange, a warrant giving the right to the Secretary to receive nonvoting common stock or preferred stock in such financial institution, or voting stock with respect to which, the Secretary agrees not to exercise voting power, as the Secretary determines appropriate; or

(B) in the case of any financial institution other than one described in subparagraph (A), a warrant for common or preferred stock, or a senior debt instrument from such financial institution, as described in paragraph (2)(C).

(2) TERMS AND CONDITIONS.—The terms and conditions of any warrant or senior debt instrument required under paragraph (1) shall meet the following requirements:

(A) PURPOSES.—Such terms and conditions shall, at a minimum, be designed—

(i) to provide for reasonable participation by the Secretary, for the benefit of taxpayers, in equity appreciation in the case of a warrant or other equity security, or a reasonable interest rate premium, in the case of a debt instrument; and
(ii) to provide additional protection for the taxpayer against losses from sale of assets by the Secretary under this Act and the administrative expenses of the TARP.

(B) AUTHORITY TO SELL, EXERCISE, OR SURRENDER.—The Secretary may sell, exercise, or surrender a warrant or any senior debt instrument received under this subsection, based on the conditions established under subparagraph (A).

(C) CONVERSION.—The warrant shall provide that if, after the warrant is received by the Secretary under this subsection, the financial institution that issued the warrant is no longer listed or traded on a national securities exchange or securities association, as described in paragraph (1)(A), such warrants shall convert to senior debt, or contain appropriate protections for the Secretary to ensure that the Treasury is appropriately compensated for the value of the warrant, in an amount determined by the Secretary.

(D) PROTECTIONS.—Any warrant representing securities to be received by the Secretary under this subsection shall contain anti-
dilution provisions of the type employed in capital market transactions, as determined by the Secretary. Such provisions shall protect the value of the securities from market transactions such as stock splits, stock distributions, dividends, and other distributions, mergers, and other forms of reorganization or recapitalization.

(E) Exercise price.—The exercise price for any warrant issued pursuant to this subsection shall be set by the Secretary, in the interest of the taxpayers.

(F) Sufficiency.—The financial institution shall guarantee to the Secretary that it has authorized shares of nonvoting stock available to fulfill its obligations under this subsection. Should the financial institution not have sufficient authorized shares, including preferred shares that may carry dividend rights equal to a multiple number of common shares, the Secretary may, to the extent necessary, accept a senior debt note in an amount, and on such terms as will compensate the Secretary with equivalent value, in the event that a sufficient
shareholder vote to authorize the necessary ad-
ditional shares cannot be obtained.

(3) EXCEPTIONS.—

(A) DE MINIMIS.—The Secretary shall es-
tablish de minimis exceptions to the require-
ments of this subsection, based on the size of
the cumulative transactions of troubled assets
purchased from any one financial institution for
the duration of the program, at not more than
$100,000,000.

(B) OTHER EXCEPTIONS.—The Secretary
shall establish an exception to the requirements
of this subsection and appropriate alternative
requirements for any participating financial in-
stitution that is legally prohibited from issuing
securities and debt instruments, so as not to
allow circumvention of the requirements of this
section.

SEC. 114. MARKET TRANSPARENCY.

(a) PRICING.—To facilitate market transparency, the
Secretary shall make available to the public, in electronic
form, a description, amounts, and pricing of assets ac-
quired under this Act, within 2 business days of purchase,
trade, or other disposition.
(b) DISCLOSURE.—For each type of financial institutions that sells troubled assets to the Secretary under this Act, the Secretary shall determine whether the public disclosure required for such financial institutions with respect to off-balance sheet transactions, derivatives instruments, contingent liabilities, and similar sources of potential exposure is adequate to provide to the public sufficient information as to the true financial position of the institutions. If such disclosure is not adequate for that purpose, the Secretary shall make recommendations for additional disclosure requirements to the relevant regulators.

under section 120 thereof), and

“(II) in which the aggregate
amount of troubled assets acquired
from the employer during the taxable
year pursuant to such authorities

graph (B)(ii) applies), when added to
the aggregate amount so acquired for
all preceding taxable years, exceeds
$300,000,000, and

(4) **PREPAYMENT OF TRUST FUND OBLIGATIONS.**—The Trust Fund is authorized to repay any obligation issued to the Secretary of the Treasury under subparagraphs (A)(i) and (B) of paragraph (2) prior to its maturity date by paying a prepayment price that would, if the obligation being prepaid (including all unpaid interest accrued thereon through the date of prepayment) were purchased by
a third party and held to the maturity date of such obligation, produce a yield to the third-party purchaser for the period from the date of purchase to the maturity date of such obligation substantially equal to the Treasury yield on outstanding marketable obligations of the United States having a comparable maturity to this period.
