ABC Corporation 401k Savings Plan

Investment Options – January 1, 200X

Whether you will have adequate savings at retirement will depend in large part on how much you choose to save and how you invest your savings. The following information will assist you in comparing the designated investment options available to you under the **ABC Corporation 401k Savings Plan**.

While the information furnished below is important to making informed investment decisions, you should carefully review all available information about an investment option prior to directing your retirement savings into an investment option. Internet Web site addresses are provided to help you access additional information (such as investment strategies and risks, portfolio holdings and turnover) about each of the plan's investment options. You may also contact your plan representative, [insert name of fiduciary or designee] at [insert telephone number and address] for additional information or visit the Department of Labor's Web site for general information on investing for retirement. See www.dol.gov/ebsa/investing.html

Part I. Performance Information

This chart shows each option's performance over several time periods and compares the performance with a recognized benchmark. For options with returns that vary over time, past performance does not guarantee how your investment in the option will perform in the future; your investment in these options could lose money.
