About the Series

The international arena has become one of the fastest growing areas of Council activity. As many member companies have an increasing portion of employees, markets and revenue outside the United States, understanding global benefits and compensation challenges has become more important than ever. To keep you apprised of the Council's efforts, we sponsor our *Benefits Passport* series of updates and webinars, examining global benefits and compensation developments and what they mean for U.S. companies.

NEW! Council webinars may be used toward continuing education/renewal requirements for many professional accreditation programs, but only by means of self-certification. Descriptions of past programs are available by [clicking here](#). Please retain your registration confirmation for your verification records.
